ID# 24 to ID# 27 is an insufficient response for numeric identifier
<223>. Please explain the source of the genetic material. When using
"Unknown" for numeric identifier <213>, please provide as much taxonomic
information, as possible, about the organism from which the genetic
material was extracted. If the genetic material was extracted from a
sample in which there was an unknown variety of organisms, please
explain where the sample was taken, for example a soil sample. These
errors appear in other sequences in the sequence listing. Please make
all necessary changes

```
